Independent auditor's review report on the interim condensed financial statements

To the shareholders of Deutsche Gulf Finance

Introduction

We have reviewed the accompanying 30 June 2021 interim condensed financial statements of **Deutsche Gulf Finance** ("the Company"), which comprises:

- the interim condensed statement of financial position as at 30 June 2021;
- the interim condensed statement of comprehensive income for the three-month and six-month periods ended 30 June 2021;
- the interim condensed statement of changes in equity for the six-month period ended 30 June 2021;
- the interim condensed statement of cash flows for the six-month period ended 30 June 2021; and
- the notes to the interim condensed financial statements.

Management is responsible for the preparation and presentation of these interim condensed financial statements in accordance with the International Accounting Standard 34: *Interim Financial Reporting* ("IAS 34") as endorsed in the Kingdom of Saudi Arabia. Our responsibility is to express a conclusion on these interim condensed financial statements based on our review.

Scope of review

We conducted our review in accordance with the International Standard on Review Engagements 2410: Review of Interim Financial Information Performed by the Independent Auditor of the Entity that is endorsed in the Kingdom of Saudi Arabia. A review of interim financial information consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with the International Standards on Auditing that are endorsed in the Kingdom of Saudi Arabia and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

Conclusion

Based on our review, nothing has come to our attention that causes us to believe that the accompanying 30 June 2021 interim condensed financial statements of **Deutsche Gulf Finance** are not prepared, in all material respects, in accordance with IAS 34 as endorsed in the Kingdom of Saudi Arabia.

14. FAIR VALUES OF FINANCIAL INSTRUMENTS

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- In the principal market for the asset or liability, or
- In the absence of a principal market, in the most advantageous market for the asset or liability

The principal or the most advantageous market are accessible by the Company.

Financial instruments mainly comprise of Ijara receivables, other receivables. due to / from Affiliated company, account and other payables and financing facilities.

Fair value hierarchy

The Company uses the following hierarchy for determining and disclosing the fair value of financial instruments by valuation technique:

- Level 1: quoted (unadjusted) prices in active markets for identical assets or liabilities.
- Level 2: other techniques for which all inputs which have a significant effect on the recorded fair value are observable, either directly or indirectly.
- Level 3: techniques which use inputs which have a significant effect on the recorded fair value that are not based on observable market data.

The table below presents the financial instruments measured at their fair values as of reporting date based on the fair value hierarchy:

14. FAIR VALUES OF FINANCIAL INSTRUMENTS (CONTINUED)

The valuation of Ijara receivables is estimated using contractual cash flows discounted at latest variable yield, which is the contracted profit rate for recent transactions. Input into the discounted cash flow techniques includes profit rate for recent transactions and contractual cash flows.

Management assessed that the carrying amount of other financial instruments largely approximate fair value due to either short-term maturities.

There have been no transfers to and from any levels during the period.

15. SAMA SUPPORT PROGRAM AND INITIATIVES

In response to COVID-19, SAMA launched the Private Sector Financing Support Program ("PSFSP") in March 2020 to provide the necessary support to the Micro Small and Medium Enterprises ("MSME") as per the definition issued by SAMA via Circular No. 381000064902 dated 16 Jumada II 1438H. Whilst the PSFSP encompasses several programs, the one most pertinent to the Company as at 30 June 2021 is the Deferred Payments Program ("DPP").

As part of the DPP launched by SAMA in March 2020 and with a number of extensions to the program subsequently announced, the Company is required to defer payments on lending facilities to those companies that qualify as MSME. The payment reliefs are considered as short-term liquidity support to address the borrower's potential cash flow issues. The Company has effected the payment reliefs by deferring the instalments falling due within the period from 14 March 2020 to 30 June 2021, and increasing the facility tenors at no additional cost to customer, accordingly.

Further to the above, SAMA on 22 June 2021 announced the extension of the program for three additional months from 1 July 2021 to 30 September 2021, for MSMEs that are still affected by the COVID-19 precautionary measures. SAMA clarified that for this extension MSMEs will be subject to the assessment by the Company to the extent to which these MSMEs are still affected by the COVID-19 precautionary measures, in order to be qualified for the extension in accordance with the DPP guidelines. The Company has performed an assessment to determine the pool of customers eligible for deferment and accordingly has deferred the instalments falling due from 1 July 2021 to 30 September 2021 amounting to SAR 7.13 million and extended the tenure of the applicable loans at no additional costs to the customer. This resulted in the Company recognizing an additional modification loss of 1.88 million.

The accounting impact of above changes in terms of the credit facilities has been assessed and are treated as per the requirements of IFRS 9 as modification in terms of arrangement. This resulted in total modification losses amounting to SAR 4.66 million for the six-month period ended 30 June 2021 (30 June 2020: SAR 2.13 million).

During the six months period ended 30 June 2021, SAR 0.67 million (30 June 2020: SAR 0.06 million) has been charged to the statement of income relating to unwinding of modification losses.

Furthermore, in accordance with the PSFSP, the banks and SRC allowed the Company to defer its loan repayments, which were due in the period from 15 March 2020 to 30 June 2021. This resulted in modification gain of SR 6.53 million during the six-month period ended 30 June 2021 (30 June 2020: SR 16.55 million), which have been presented as part of financial charges.
